# Love Doesn't Exist

👁 10 ✓ 1 ⭐ 2

## Chapter 1 by Nathan Coetzee

I never understood love, not just the concept but the whole deal about it.

Why would this word make someone feel more special in another persons life? Love is but a word linked with a chemical reaction that occurs when you see a person you find as attractive. Love doesn't exist... *Words exist.*

Love is like time, you can't see it but you can tell what it is at any given time. Time can't be fathomed into a simple little circle with numbers and pointers. Just like love, time also doesn't exist. *Clocks Exist.*

## Chapter 2 by Rix Quill

Apple cores exist.

When I was 8 I fell in love with Nancy Hannington. Nancy had an apple and I begged her for a bite of it. I was so hungry. But she refused me and said I could have the core. It was delicious.

I now think it was the apple I fell in love with.
